

Fender Standard Roland-Ready Stratocaster (2002/2003?)

Basically a Fender Stratocaster standard with built-in Roland GK hexaphonic pickup, 13-pin output and controls/switches for driving Rolands GR/guitar synth or V-guitar units, Axon AX100 or other 13-pin guitar synth units.

(Bought used 2012 - in mint condition, sold 2015, still in mint condition..)
